Navigating Family Life after a Suicide Attempt. December 06, 2018 When Dior Vargas was a girl, she tried to take her own life more than once by overdosing on pills. “I was being made fun of a lot in school. There was this one girl who was so mean. She was really, really cruel. I was having a lot of

Adolescent emotional development is often characterized by rapidly fluctuating emotions. In this section we will debunk the myth that fluctuating emotions are simply the result of adolescents' "overreaction" to stress. We will also discuss important aspects of emotional maturity, particularly an essential skill called emotional self-efficacy. Finally, we will review the process by which ...

A mental disorder, also called a mental illness or psychiatric disorder, is a behavioral or mental pattern that causes significant distress or impairment of personal functioning. Such features may be persistent, relapsing and remitting, or occur as a single episode. Many disorders have been described, with signs and symptoms that vary widely between specific disorders.
